

**World Institute for Engineering and Technology Education  
(WIETE)**

**in collaboration with**

**Department of Physics and Technical Studies  
Faculty of Education  
University of Ljubljana**

**2<sup>nd</sup> World Conference  
on  
Technology and Engineering  
Education**

**Ljubljana, Slovenia**

**5 - 8 September 2011**

**CONFERENCE  
PROCEEDINGS**

**edited by**

**Zenon J. Pudlowski and Slavko Kocijancic**

## 2<sup>nd</sup> World Conference on Technology and Engineering Education

### WIETE Partners

Association of Taiwan  
Engineering Education and  
Management (ATEEM)  
Taichung, Taiwan

College of Engineering &  
Engineering Technology  
Northern Illinois University  
DeKalb, Illinois, USA

College of Management  
Hungkuang University  
Taichung, Taiwan

Commonwealth Science and  
Technology Academy for Research  
(C-STAR)  
Chennai, India

Department of Electrical and  
Power Engineering,  
AGH University of Science &  
Technology, Kraków, Poland

University of Ljubljana  
Faculty of Education  
Department of Physics  
and Technical Studies

Department of Physics and  
Technical Studies  
University of Ljubljana  
Ljubljana, Slovenia

Faculty of Electrical,  
Electronic, Computer &  
Control Engineering  
Technical University of Łódź,  
Łódź, Poland

iProfesor  
A Platform Bringing Together Men  
of Science  
Łódź, Poland

Journal of Security and  
Sustainability Issues  
The General Jonas Žemaitis  
Military Academy of Lithuania,  
Vilnius, Lithuania

Polytechnic Institute  
of New York University  
New York, USA

Russian Association of  
Engineering Universities  
Moscow, Russia

Society for the Development of  
Technology Education (SDTE)  
Ljubljana, Slovenia

Technological Education Institute  
of Piraeus  
Piraeus-Athens, Greece

UNIVERSITY OF BOTSWANA  
University of Botswana  
Gaborone, Botswana

## 2<sup>nd</sup> World Conference on Technology and Engineering Education

### EDITORS

Prof. Zenon J. Pudlowski                      World Institute for Engineering and Technology Education (WIETE)  
34 Hampshire Road, Glen Waverley, Melbourne, VIC 3150, Australia  
Tel/Fax: +61 3 95618247, E-mail: zenon.pudlowski@wiete.com.au  
Internet: www.wiete.com.au

A/Prof. Slavko Kocijancic                      Department of Physics and Technical Studies, Faculty of Education  
University of Ljubljana, Ljubljana, Slovenia

### ASSOCIATE EDITORS

Dr Ian R. Dobson                              Monash University, Melbourne, Australia  
Ms Dianne Q. Nguyen (Manager)              Monash University & WIETE, Melbourne, Australia  
Ms Krystyna Wareing                          Independent Communications Consultant, Crawley, West Sussex, England, UK

### REFEREES

Prof. Krzysztof Kluszczyński                      Silesian University of Technology, Gliwice, Poland  
A/Prof. Slavko Kocijancic                          University of Ljubljana, Ljubljana, Slovenia  
Prof. Romanas V. Krivickas                      Kaunas University of Technology, Kaunas, Lithuania  
Dr Jan F. Machotka                              University of South Australia, Adelaide, Australia  
A/Prof. Paul Maj                                  Edith Cowan University, Perth, Australia  
Prof. Dieter Schott                                Hochschule Wismar - University of Technology, Business and Design, Wismar,  
Germany

Papers published in the Conference Proceedings of the 2<sup>nd</sup> World Conference on Technology & Engineering Education have undergone a formal and rigorous process of peer review by international referees.

These Proceedings are copyright. Apart from any fair dealing for the purpose of private study, research, criticism or review as permitted under the Copyright Act, no part of these Proceedings may be reproduced by any process without the written permission of the publisher.

*Responsibility for the contents of these papers rests upon the authors and not the publisher. Data presented and conclusions developed by the authors are for information only and are not intended for use without independent substantiating investigations on the part of the potential user.*

# 2<sup>nd</sup> World Conference on Technology and Engineering Education

## Conference Proceedings

### Contents

Z.J. Pudlowski	Preface	6
A. Kalanidhi	Quality in higher education - a comparative study of campus and virtual education (Opening Address)	7
S. Kocijancic	An overview of research and development activities in technology education carried out at the Faculty of Education at the University of Ljubljana (Opening Address)	10
H.P. Sjursen	What philosophy can learn from engineering - the impact of emerging technologies on the social world (Opening Address)	16
A. Porębska, S.A. Mitkowski, A.M. Dąbrowski & P. Zegarmistrz	Gender as a factor determining the choice of technical studies	21
S. Wiak, D. Jeske, M. Krasuski & R. Stryjek	Modern distance examination using the latest technology - the <i>E-matura</i> project	27
D.Q. Nguyen & Z.J. Pudlowski	Global issues in environmental engineering education	32
K. Susman, J. Pavlin, S. Zihelr, M. Pečar & M. Čepič	Phase transitions in the frame of mechanical model	38
M. Čepič & J. Pavlin	Lap-tops, mobiles, iPods and liquid crystals	43
D. Rihtaršič & S. Kocijancic	Introducing 32-bit microcontrollers technologies to a technology teacher training programme	49
F. Vrbančič & S. Kocijancic	Introducing the radio frequency identification technology to a vocational high school programme of mechatronics	54
D. Jeske, M. Krasuski & R. Stryjek	Computer-aided mathematical analysis of graduates - Business Intelligence in the <i>E-matura</i> project	61
A.M. Dąbrowski, S.A. Mitkowski, A. Porębska & P. Zegarmistrz	The use of numerical methods in teaching selected topics in circuit theory based on MATLAB	64
D. Schott	Processes in nature - student modelling and simulation using mathematics and MATLAB	71
K. Ban & S. Kocijancic	Introducing topics on nanotechnologies to middle and high school curricula	78
P. Zegarmistrz, S.A. Mitkowski, A. Porębska & A.M. Dąbrowski	Nodal analysis of finite square resistive grids and the teaching effectiveness of students' project	84
D. Jeske, M. Krasuski & R. Stryjek	A secure and highly accessible examination system - <i>E-matura</i> : a case study	90
J. Machotka, A. Nafalski & Z. Nedić	The history of developments of remote experiments	96
A. Nafalski, Z. Nedić & J. Machotka	Remote engineering laboratories for collaborative experiments	101

A. Lisowska-Lis, S.A. Mitkowski & J. Augustyn	Infrared technique and its application in science and engineering in the study plans of students in electrical engineering and electronics	104
D. Jeske, M. Krasuski & R. Stryjek	Natural user interfaces in modern education	109
A.R.N. Molson & A.A.F. Molson	Laws controlling contracts: the importance of Web-based Information Management Systems for engineering education and industry	113
E. Ovcin, M. Di Pardo, A. Hancic & J. Sluga	The ERGOMAN Project: designing the new Process Ergo-Designer profile and training model and its validation	118
G. Šantej & S. Kocijancic	Commencing projects that implement the use of magnetic sensors in pre-higher technology education	124
